

IN THE SPECIFICATION:

Please amend the specification as follows:

On page 15, please amend the paragraph starting on line 13 as follows:

In block 525, the method 500 may (denoted in FIG. 5 by dashed arrow) ~~determining~~ determine a first data field, and a second data field. The first data field may include information based on the geographic location profile of the user. The second data field may include information based on the geographic location appended to the set of information. The second data field may also correlate the set of information with at least one geographic location.

On page 15, please amend the paragraph starting on line 21 as follows:

In block 535, the method 500 may (denoted in FIG. 5 by dashed arrow) ~~determining~~ determine a third data field. The third data field may include information based on the comparison between the first data field and the second data field.
